## ENERGY, ENVIRONMENT, ECOLOGY, AND SOCIETY

Dreamtech Press. Paperback. Book Condition: New. The present situation of our environment is of great concern due to the widespread pollution and over utilization of natural resources. The book mainly discusses about the earth, environment, and issues concerning both in addition to pollution, ecosystem, and biodiversity. It provides a general approach toward the available energy resources, environmental-related problems, methods to improve the environment, and relationship between environment and society. It also includes an in-depth analysis of the various types of pollution. This book combines theory with the data, facts, and figures, and includes the necessary additional information in each chapter included. This book is meant for students of different branches of engineering and is based on the syllabus of Rajiv Gandhi Technical University (RGTU). Summing up, this book is a valuable source of information concerning environment and related environmental topics.
