In Silbury Dawning: The Alien Visitor Gene Theory, Third Edition, John Cowie explores historical clues that point toward the arrival of aliens in the ancient human past. Cowie argues that these extraterrestrials bred with, or genetically experimented with Homo species and educated our Homo ancestors. Those Homo sapiens with the alien visitor gene had a significant advantage and began to replace those that did not. This resulted in the highly intelligent human race that quickly evolved from a single point, thus changing the course of human evolution and supercharging our intelligence. Silbury Dawning takes its name from the famous English manmade mound that dates from pre-history. Cowie believes the enormous mound was built as a pyramid and served as a multi-functional device to ensure the survival of aliens and their human offspring on Earth some 13,000 years ago. In 2007-2008, an English Heritage Conservation and Restoration Project confirmed that Silbury Hill in Wiltshire, UK, was clinically constructed to a pre-determined complex plan and is not simply a mound of chalk as previously thought. In the latest edition...

A must buy book if you need to adding benefit. It really is simplified but unexpected situations in the 50 percent of your book. Its been developed in an exceptionally straightforward way and it is merely soon after i finished reading through this pdf where in fact transformed me, modify the way i think.

-- Dalton Mertz

Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
