OXFORD DICTIONARY OF MUSIC

To get **Oxford Dictionary of Music** eBook, remember to click the hyperlink under and save the file or get access to additional information that are in conjunction with OXFORD DICTIONARY OF MUSIC ebook.

Oxford University Press, 2013. Soft cover. Book Condition: New. Now available in paperback and with over 10,000 entries, the Oxford Dictionary of Music (previously the Concise Oxford Dictionary of Music) offers broad coverage of a wide range of musical categories spanning many eras, including composers, librettists, singers, orchestras, important ballets and operas, and musical instruments and their history. Over 250 new entries have been added to this edition to expand coverage of popular music, ethnomusicology, modern and contemporary composers, music analysis, and recording technology. Existing entries have been expanded where necessary to include more coverage of the reception of major works, and to include key new works and categories, such as multimedia. Entry-level web links are listed and regularly updated on a dedicated companion website, expanding the scope of the dictionary. The dictionary now also includes two useful appendices, one listing French, German, and Italian musical terms with their English translations, and an abbreviations list for letters commonly used in musical scores and musical writing. The Oxford Dictionary of Music is the most up-to-date and accessible dictionary of musical terms available and an essential point of reference for music students, teachers, lecturers, professional musicians, and music enthusiasts.
