If you've ever said to your intermediate writers, Write more about this topic! you're not alone. Unelaborated writing is a top challenge for teachers and the number one reason students score poorly on writing assessments. But how do you teach students to show and not tell? What are the specific techniques all strong writers choose to produce clear, well-elaborated narrative and expository writing? Writing Whizardry gives you 70 self-contained elaboration mini-lessons each focusing on a specific Target Skill elaboration technique. Each lesson pairs a writing sample that needs revision with a micro-mentor text example of polished writing, saving you time and energy. Additional literature suggestions enable you to extend and reinforce the lessons, and the reproducibles and black-line masters give you flexible instructional options for different instructional settings.
