Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Jamaica is a constitutional parliamentary democracy. The People's National Party (PNP) led by Prime Minister Portia Simpson Miller controlled 42 of the 63 seats in the House of Representatives. International election observers deemed the 2011 elections transparent, free, fair, and without violence. Authorities failed at times to maintain effective control over the security forces. Security forces allegedly committed human rights abuses. The most serious human rights issues were alleged unlawful security force killings; cases involving the violation of rights that were not resolved in a timely way; and poor prison and jail conditions, including abuse of detainees and prisoners and severe overcrowding. Other human rights issues included an overburdened, under resourced, and ineffective judicial system, and frequent lengthy delays in trials, violence against and sexual abuse of children, violence and discrimination against women, trafficking in persons, violence against persons based on their suspected sexual orientation or gender identity, and mob violence. The government took steps to investigate and punish members of the security forces who committed abuses, but in many instances a lack of witnesses and insufficient forensics equipment precluded arrests or prosecutions, thus providing the appearance of impunity for police who committed crimes.
